FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Bucket with bottom protection rim and an ergonomic seizing to empty it easier
- Special shaped sieve that facilitates the squeezing of the mop. It lays entirely onto the bucket border guaranteeing a better resistance. Equipped with handle holder
- The mop holder allows to fix and release the mop automatically, avoiding the operator's bending and the direct contact with the dirty mop. The foot-operated push-button on the central part of the mop holder allows to open it in order to squeeze the mop
- Microfibre mop with micro flaps for an easy, quick and safe mop fastening. Ideal for all smooth flooring, medium degree of dirt. The high absorbency due to its capillary action guarantees a great floor covering, a fast floor drying and less stains. Polyester, thanks to its hooked micro-structure, generates a non abrasive mechanical action to remove dirt, while polyamide, due to its high absorbing power, retains water and the removed dirt
- Latex-free product
